

CERTIFIED VOICE®

Premium Quality, Cost-Driven
Voice Termination

Capitalize on the growing demand for international service without investing in international network infrastructure.

PROVEN EXPERTISE

As one of the largest carriers of international phone calls in the world, iBASIS has the capacity and proven expertise to complete calls globally. With our Certified Voice® service, we're delivering the reliable quality and full coverage retail consumers require.

iBASIS Certified Voice® enables voice over broadband service providers and retail operators to capitalize on the growing demand for international service without investing in international network infrastructure. As one of the largest carriers of international phone calls in the world, iBASIS has the capacity and proven expertise to complete calls globally. With our Certified Voice® service, we're delivering the reliable quality and full coverage retail consumers require.

FULL COVERAGE

iBASIS routing is managed for maximum completion which makes the service ideal for retail customers. Certified Voice® provides competitive A-Z rates along with active LCR management to ensure full coverage and capacity, and routes are selected based on providers that deliver the best route stability, cost, and voice quality.

INTERCONNECT OPTIONS

- Private, dedicated TDM circuit to an iBASIS ICO using SS7/C7 signaling
- Private, dedicated IP circuit to an iBASIS ICO (SIP plus SIP-I signaling recommended)
- IP connections via the public Internet from anywhere in the world, leveraging iBASIS' proprietary IP technologies for superior quality

KEY BENEFITS

Patented Real-time Quality Monitoring and Management

Designed for Consumer Voice Over Broadband Operators

Full Coverage and High Stability

PROACTIVE MONITORING AND QUALITY MANAGEMENT

Certified routes are actively managed by iBASIS to maintain high performance. By monitoring certified routes 24/7 and in near real time, iBASIS network operations center (NOC) specialists are able to anticipate potential problems, as well as immediately address trouble reports to maintain quality. When routing retail voice traffic, iBASIS utilizes its direct interconnections to more than 120 countries and Tier One providers for back-up, overflow, and destinations not directly accessible from the iBASIS network.

PRICING STABILITY

Certified Voice® is designed to provide retail customers with the highest level of quality, reliability and stability in their international routing, so that they can stay focused on building their retail business. Certified Voice® pricing is generally more stable than other wholesale voice products. With Certified Voice®, iBASIS offers retail service providers a great strategic advantage in the international voice market, ensuring that their retail customers receive the highest quality in international calling service while taking full advantage of our lower cost VoIP infrastructure.

KEY FEATURES

Highest levels of quality, reliability, and stability for international calls

Real-time monitoring and management

Ideal for retail carriers and broadband voice providers

Optimal balance of cost and quality

ABOUT iBASIS

iBASIS is the leading communications solutions provider enabling operators and digital players worldwide to perform and transform. Powered by Tofane Global, iBASIS represents an estimated USD 1+ billion in annual revenue, is the third largest wholesale voice operator, ranks as the Top 3 LTE IPX vendor with 700+ LTE destinations and serves 1,000+ customers across 18 offices worldwide. iBASIS optimizes access, connectivity, and value-added solutions, so customers achieve high return on voice, mobile data, and IoT requirements to be first in their respective markets and in the digital era.
