## TWO INTERCONNECT OPTIONS

- Private, dedicated IP circuit to an iBASIS ICO (SIP plus SIP-I signaling recommended)
- IP connections via the public Internet from anywhere in the world that leverage iBASIS proprietary IP technologies for superior quality (SIP plus SIP-I signaling recommended)

## FOCUS ON QUALITY ASSURANCE

- Priority in customer support
- Real-time monitoring of quality parameters, such as Answer Seizure Ratio (ASR) and Network Effectiveness Ratio (NER)
- Proactive regular testing on Fax, MSRN, and CLI delivery
- Central network management with 24/7 quality and network monitoring
- Customer service desk, which can be contacted 24 hours a day, 7 days a week

## PREPAID SUPPORT

Additional services available to customers who prefer to make use of prepayment:

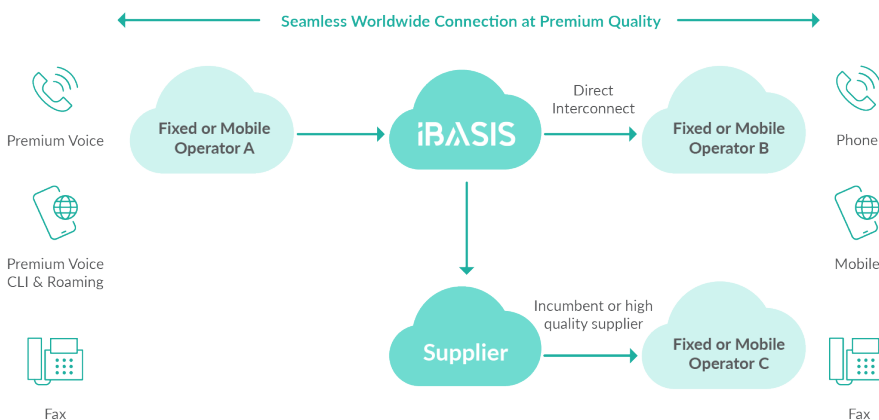

- Monthly overview of account balance, usage, and registered traffic volumes
- Notification when account balance requires additional payments

## INVOICING AND QUOTING

- Monthly or weekly invoicing is available with clear specifications on traffic and destinations to meet your needs
- Speak with your account manager in regards to long-term pricing, bids, and long-tail opportunities

## EASY TO USE WITH GLOBAL MOBILE SIGNALING AND VALUE-ADDED SERVICES

- Global Mobile Signaling Service offers signaling messages to over 450 global destinations
- MMS International Interworking Service transports international MMS messages from one operator to a wide array of destinations
- Premium Voice supports iBASIS roaming integrator solution, GRX, SMS international interworking, Video Telephony, and other 3G value-added Services

## ABOUT iBASIS

iBASIS is the leading communications solutions provider enabling operators and digital players worldwide to perform and transform. Powered by Tofane Global, iBASIS represents an estimated USD 1+ billion in annual revenue, is the third largest wholesale voice operator, ranks as the Top 3 LTE IPX vendor with 700+ LTE destinations, and serves 1,000+ customers across 18 offices worldwide. iBASIS optimizes access, connectivity, and value-added solutions, so customers achieve high return on voice, mobile data, and IoT requirements to be first in their respective markets and in the digital era.
